Re: Five Wishes booklet

Dear Mr. Malley:

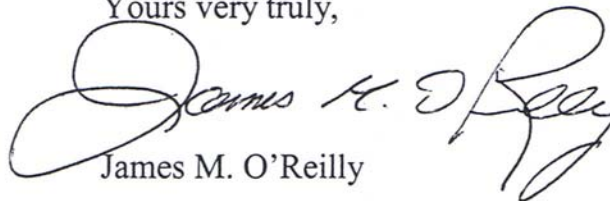

Thank you for taking time from your (not so) recent trip to Las Vegas to visit with me and discuss the precepts of your company and the Five Wishes booklet.

I have fully reviewed the booklet you left for my study. It is well prepared, well presented, and it meets not only with the technical requirements of Nevada Revised Statutes chapter 449 for both a Living Will and a Health Care Power of Attorney, but equally importantly, it addresses the less clinical, but significant aspects of comfort care, spirituality, forgiveness and final wishes. Well done!

I wish you every success with the promotion of this fine booklet.

Yours very truly,

James M. O'Reilly
